PROFILE SUMMARY

As Fresher PHP developer with basic knowledge of PHP, MySQL, HTML, CSS. I have completed academic projects that helped me understand web development fundamentals and backend programming. Eager to learn and grow in a professional environment, I am motivated to build on my skills and contribute to real-world projects.

EDUCATION

2022-2025

GUJARAT UNIVERSITY

- Bachelor of Commerce

2021-2022

HSC BOARD

- Higher Secondary Certificate

PROJECT

CALCULATOR

C language

- A basic calculator in C language is a simple program that performs basic arithmetic operations such as addition, subtraction, multiplication, and division. It takes two numbers as input from the user and applies the chosen operation, then displays the result.

SKILLS

- C Language
- C# Language
- PHP Language
- HTML (BASIC)
- CSS (BASIC)
- Bootstrap
- Javascript(BASIC)
- Jquery(BASIC)
- API

MENU CARD

C# Language

- A Menu Card program in C# simulates a restaurant's menu where users can view available dishes and select items to place an order. The program typically provides an interface to display the menu options, accept user input, calculate the total cost, and display the order summary.

Fitrss Fuel

Php Language (MVC)

- Built features like personalized meal plans, workout routines, and user dashboards using PHP . More updated by the project.
